Marketing Comm Strategies

Key 2022 Marketing Strategies & Programs

1. **Support white glove service for clients and outstanding clinical and actuarial content provided.**
2. **Promote our network programs of experience and excellence, rates, contracts, relationships.**
3. **Promote new and improved contracts**, working to create new paradigm about ETS contracts.
4. **Provide new materials, training and digital marketing input** and approaches for sales staff and account managers
5. **Digital Marketing Programs.** Map touchpoints. Create materials to engage at each point.
6. **Website.** New public-facing website as key source of information for key stakeholders with blog, video, relevant content.
7. **Portal.** Strategy, and quality and timely subscription deliverables. (Portal content and user experience, pushed content i.e., events, news, etc.)
8. **Secondary Audience Programs.** Materials for manufacturers, providers/hospitals, other.
9. Salesforce & Hubspot **systems leveraged.**
10. **New Segmentation** of our customers
    - Ensure our Communication Strategy is in line with our customer segments and published content

Marketing Communication Strategies & Tactics

1. Create a blog strategy
    - Using Quarterly Reports, Clinical Compendiums, Condition Overviews, News, and more to develop 1 blog ever other month

2. Develop a campaign for new and existing centers of excellence and experience in Q2
    - 3 social posts per center/1 blog post per center/e-news letter article/features on portal or website
    - Explore protentional for press release (look into competitors)

3. Develop a campaign for promoting new and existing contracts in Q1 & Q2 (White glove service)
    - Testimonials / 10 social posts / 1 blog / 2 newsletters

4. [INTERNAL] Communication strategy for notifying and disseminating new customer documents to sales and AM teams.
    - Ensure all finalized customer facing documents in SharePoint and notify when updated
    - Provide training and talking points for new materials/products

5. Implement communication strategy with workflows in hubspot to move leads and customers through the sales cycle and to push portal content to current users
    - Map out touch points for leads and new customers separately
    - Decide the content, tone, and messaging for each stage
    - Identify & leverage content update cycles
    - Email when documents are updated

5. Implement communication strategy with workflows in hubspot to move leads and customers through the sales cycle and to push portal content to current users
    - Map out touch points for leads and new customers separately
    - Decide the content, tone, and messaging for each stage
    - Identify & leverage content update cycles
    - Email when documents are updated

6. Generate content for the public website to inform stakeholders.
    - Overview videos of different services and “how to” videos
    - Blog – 1 blog every other month
    - News – press releases for company news
    - Case Study/White papers – Contract savings, network access, KCP, referrals, Risk products, physician review, patient ID (eventually)
    - Partners page
    - Testimonials
    - Chat bot
    - Initial case intake online form

8. Develop materials for secondary audiences and use them across platforms. (Providers & Brokers & TPAs)
    - Identify & segment contacts via salesforce and LT Admin
    - Create an idea list and develop content for each audience
    - Distribute across platforms (website, social, vimeo/webinars, email)

Executive

Motivations

CEO	CFO	VP
Easy workflow, good training, value, partnerships, easy to work with	Cutting cost, reducing claims, forecasting, financial strategy	Education/training for their team, processing claims quickly and accurately, working relationships

Audience 3

Actuarial

Motivations

Analytical	Financial	Subsegment 3
Risk, mathematics, statistics, financial theories and graphs	Budget, strategic finances, low costs, all the facts/figures	Motivations

Audience 4

Network

Motivations

Provider	VP of Managed Care	
Number of procedures, quality procedures	Easy to do business with, fast claims?, value-based care, number of procedures, quality of procedures	Motivations

Audience 5

Underwriting & Cost-Containment

Motivations

Underwriter	Cost-Containment	Subsegment 3
Risk factors, procedure cost,	Rates and terms	Motivations

Editorial Content Pillars

©2021 Emerging Therapy Solutions, Inc.

Q1 2022 Focus

First communication pillar - company culture, values

Goal: Engagement

- Company updates
- Employee spotlights / achievements
- Post about leadership team and their years of experience
- Connect each post back to our audience - how we can help, our services, pain points
- Leading audience to our website - our web traffic was very low in Q1
- Pipeline and what we expect to come in the following quarters

Posts per month

- 8 Social Posts - Pipeline/Liver (Jan) | Multiple Myeloma/Heart Transplant (Feb) | Hemophilia B/Kidney (March)
- 8 Social Posts - News / Awareness Days
- 4 Social Posts - Company Culture

©2021 Emerging Therapy Solutions, Inc.

Q2 2022 Focus

Second Communication Pillar - Branded/promo/sales content (show real world application)

Goal: Conversions

- Product updates, new offerings
- Webinars, conferences, presentations
- Leverage partners, customers, providers, other companies we monitor to increase impressions on our posts
- Customer/provider spotlights
- Network and programs of excellence and experience
- Leverage and repurpose video content
- Contracting with providers
- single case agreements

Posts per month

- 8 Social Posts - Metastatic Melanoma/Pancreas (April) | Transfusion Dependent Beta Thalassemia/Lung (May) | Cervical Cancer/Intestine (June)
- 8 Social Posts - News / Awareness Days
- 4 Social Posts - Company Culture

©2021 Emerging Therapy Solutions, Inc.

Q3 2022 Focus

Third communication pillar - Educate and inform our audience

Goal: Impressions and reach

- Post regularly and frequently
- Another push of company updates and employees
- Many graphics to break content up into more digestible formats to remain relevant to our audience
- Repurpose videos
- News posts
- How / when to use the KCP
- How to submit referrals

Posts per month

- 8 Social Posts - Hemophilia A/Bone Marrow (July) | Scleroderma-localized/Autologous stem-cell (Aug) | Synovial Sarcoma/Allogenic stem-cell (Sept)
- 8 Social Posts - News / Awareness Days
- 4 Social Posts - Company Culture

©2021 Emerging Therapy Solutions, Inc.

Q4 2022 Focus

Combination of the 3 pillars using insights from the last 3 quarters of the best performing types of content

Goal: Impressions, clicks, engagement rate

- Post regularly and frequently
- Post about leadership team and their years of experience
- Another push of company updates and employees
- Pipeline and progress expected before the end of the year
- Graphics to break content up into more digestible formats to remain relevant to our audience
- Repurpose videos
- News posts
- KCP and Referral portal
- Programs of Excellence & Experience

Posts per month

- 8 Social Posts - Sickle cell disease/Organ Allocation (Oct) | Wiskott Aldrich Syndrome/Organ Storage (Nov) | Leukocyte adhesion deficiency type I/Disparities in Access to Transplants (Dec)
- 8 Social Posts - News / Awareness Days
- 4 Social Posts - Company Culture

©2021 Emerging Therapy Solutions, Inc.

Content Pillars: Content Focus by Month

January	Pipeline & Ocular Conditions
February	Multiple Myeloma/Heart Transplant
March	Hemphilia B / Kidney Transplant
April	Metastatic Melanoma/Pancreas
May	Transfusion Dependent Beta Thalassemia/Lung
June	Cervical Cancer/Intestine

July	Hemophilia A/Bone Marrow
August	Scleroderma-localized/Autologous stem-cell
September	Synovial Sarcoma/Allogenic stem-cell
October	Sickle cell disease/Organ Allocation
November	Wiskott Aldrich Syndrome/Organ Storage
December	Leukocyte Adhesion Deficiency Type I/Disparities in Access to Transplants

Additional Content Themes

- 4 Social Posts - Transplant Theme
- 4 Social Posts - Cell and Gene Theme
- 8 Social Posts - News / Awareness Days
- 4 Social Posts - Company Culture, Sales/Promotional, Educational, Mix of Best Performing

Social Media Goals 2022

1. Grow our number of **followers** on LinkedIn from 294 to 500 by the end of 2022.
    - Employees sharing with their network
    - Paid Ad campaigns
    - Relevant consistent content
2. Increase the number of **unique visitors to our website** from LinkedIn by 25% by July 2022.
    - Gated content that users can download from our website
    - Posting more of our website
3. **Increase the number of conversions** from LinkedIn by 15% by July 2022.
    - (Conversions = the number of visitors that filled out our contact form on the website)
    - More website content
    - Custom landing pages to custom landing pages to form fill
4. Increase the average number of **post impressions** on LinkedIn by 50% by July 2022.
    - Increasing video and graphics
    - Hashtags and tagging

*Transitioning from 2 posts a week to at least 3 posts with a stretch goal of 5+

Current Social Media Benchmarks

Channel	Number of followers	# of Posts	Total Engagement Rate	Total Click-through rate	Total Impressions
LinkedIn	294 (TG: 794+)	105 (TG: 200)	5.14% (TG: 56.70%)	1.7% (TG: ?)	12,272 (TG: 42,500)

- We post much less frequently than our competitors. Our number of followers is decent for a business our size, but we intend to grow 500 more followers in 2022.
- We need to increase the variety of content and hopefully increase our engagement rate and impressions.

Channel	Video Plays	Videos Finished	Unique Viewers	Likes	Downloads
Vimeo	291	35	130	0	0

- We currently post our webinars as protected content that can only be accessed via the share link.
- We should create and post more videos that aren't protected so people can use this channel to get info about us.
- We could use the GIF feature on vimeo.

©2021 Emerging Therapy Solutions, Inc.

SWOT Analysis – Social Media

	Positive	Negative
Internal	**Strengths** • Consistent number of webinars for our audience to register for • We have a lot of industry news to talk about • We have a decent number of followers for a smaller sized business • We're consistent with posting events • We're more consistent than INTERLINK	**Weaknesses** • Lack video content • Inconsistent posting schedule • Lack variation of content • Lack consistent branding on most posts • Lack company updates, posts about the team • Don't use any graphics / infographics • Don't post much about our services • Don't post any customer testimonials • Don't post any partner updates • We don't get mentioned in any posts • Very low engagement
External	**Opportunities** • Using Facebook as another channel • Using Twitter as another channel • Reusing video content in different formats (GIFs, short clips) • Posting about Dave and our leadership team as well as each different department • Repurposing content in different formats (infographic, quote graphic, stats graphics, video, etc.)	**Threats** • The big players (Aetna, Optum, Cigna) have a large share of voice on social with hundreds of thousands of followers • The big players also have a larger marketing team and a larger budget so they can churn out content faster and on a larger scale than we can • Not being seen as a major player in the industry • Missing out on engaging with our audience and helping them trust us and get to know us

©2021 Emerging Therapy Solutions, Inc.

Social Media Audit

LinkedIn	Vimeo (For Marketing Only)
What's working: ETS news (PR), posts that are emotional (about a child receiving a life saving therapy), posts about us speaking at an event, posts about our leadership team, webinar posts (only in Q4)	**What's working:** Gene & Cell therapy basics or 101 videos, live events like the brand event video and branded videos like ETS overview video (although not currently on Vimeo)
What's not working: News posts or awareness days about specific diseases (unless they have some sort of new drug approved), registration pages for our webinars – we need to do something more here to improve registrants via social, posts without images or link previews, lots of stats without a graphical representation.	**What's not working:** Long videos without sections, condition specific videos (although it could be because we didn't promote the registration or recordings enough). Posts without images or link previews.
Lessons / hypotheses: If we want to use social as a driver for website visits or portal visits, we need to improve our website content for prospects and clients alike. Need content repository that we can post freely on social media. We need to post different webpages more frequently and start blogging. We also need to generate more press. People engage a lot with our releases and content that is about the company. If we want to use social to increase webinar registrations, we need to create a variation of posts like gifs, graphics, clips from previous webinars, infographics about the topic, blogs about the topic.	**Lessons / hypotheses:** We should continue with branded overview videos and the basics of the industry. If videos are over 20 minutes, we should create sections/chapters or break them up into two videos.

Definitions

- **Impressions** shows the number of times each update is visible for at least 300 milliseconds with at least 50% in view on a (signed in) member's device screen or browser window.
- **Unique impressions** shows the number of times your updates were shown to unique (signed in) members.
- **Clicks** shows the number of clicks on your content, company name, or logo by a (signed in) member. This doesn't include interactions (shares, Reactions, and comments).
- **CTR (click-through-rate)** shows the number of clicks your update received divided by the number of impressions your update received.
- **Reactions, Comments, and Shares** shows the number of reactions, comments, and times your content was shared by members, including Direct Sponsored and video posts.
- **Engagement rate** shows the number of interactions plus the number of clicks and followers acquired, divided by the number of impressions.

Content Pillars

Q4: Combination of pillars using best performing formats

1	2	3
Quarter 1 **Company Culture/Values** ***-focus on engagement***	**Quarter 2** **Branded/Promo/Sales** ***-focus on conversions***	**Quarter 3** **Education/Informative** ***-focus on impressions and reach***
-who are we, and what do we stand for? -connect with customers on a deeper emotional level -strengthen customer trust and appreciation	-specific to our products -benefits and features -customer experiences	-offers education or informative info -doesn't ask for anything back -can be curated or shared from other accounts
Post ideas	**Post ideas**	**Post ideas**
• Team spotlights/achievements • Dave videos, quotes, messages • Share what employees love most about their job • Promote customer service • Ask polls on linkedin • Get our team more involved in linkedin • Leadership team and their years of experience • Connect each post back to our audience - how we can help, our services, pain points • Leading audience to our website - our web traffic was very low in Q1 • Product updates, new offerings • Pipeline and what we expect to come in the following quarters • Add a products section to our linkedin page • Posting about LT and ETS coming together (transition followers from LT LinkedIn)	• Testimonials and quotes • Savings cases • Customer/provider spotlights • Blogs about our products • Branded graphics • Describe the problem and offer our solutions • Webinars, conferences, presentations • leverage partners, customers, providers • Network and programs of excellence and experience • Leverage and repurpose video content	• Video teaser of a recorded webinar • Blogs about therapies • Continue sharing relevant news articles • Branded infographics & general graphics • Recorded panels or presentations at events • Chapter snippets of our recorded webinars • Post regularly and frequently • Another push of company updates and employees • Repurpose videos • How to use our portal
Frequency	**Frequency**	**Frequency**
Once a week (Ideally) The rest will be news, events.	Twice a week (Ideally) The rest will be news, events.	Twice a week (Ideally) The rest will be news, events.

General Recommendations

Best Practices

- Spacing between lines with captivating first sentence for them to click and read the full post. Emojis, paragraphs, bullets, graphics, capitalization to break up content & draw attention to the most important parts.
- Ensure employees are listed as employees of ETS
- Tagging industry leaders, companies, and hospitals as often as possible where appropriate
- Medical services and sales to follow industry leaders, contacts, customers and share, like, comment on all posts
- Use hashtags with the most followers, posts
- Half of posts on LinkedIn should be images (49%), the second is articles (38%)
- Images and videos generate higher engagement
- Videos generate more comments
- Graphics generate more engagement
- Articles generate higher engagements per impressions
- Improve our headline - It is not completely clear what we do or what we sell

Content Recs.

- More content driving them to the website
- More videos & posting video directly into LinkedIn so they can watch on their newsfeed. Break up recordings and repurpose
- Look into the use of info graphics using some data in our reports, without giving away all the good stuff
- Customer testimonials, interviews, case studies
- Experiment with different types of content - polls, ask me anythings, infographics, interviews, short video clips, employee / partner highlights
- Repurpose our content in different ways
- Share company milestones
- Watch trending topics in the industry and post about them
- Use data from our reports or customers
- Post blogs
- Post from LifeTrac account pushing people to ETS

Content Types: Blog

Publish once every other month

©2021 Emerging Therapy Solutions, Inc.

What is the purpose of our blog?

- To educate our clients and prospective clients on the services we provide that help make their job easier and improve their business
- To create engagement with our content on the KCP
- We need to align these topics with our marcom goals
- 5 main topics (we will turn these into subdirectories/pillar pages)
  - Pipeline (new approved therapies, clinical trials, BLAs, understanding treatment protocols)
  - Contracting (New sites, how to read contracts, contract updates)
  - Conditions (previously untreatable, costs & coverage, patient considerations)
  - Transplants (types, news trends/technology, covid related, unanticipated challenges)
  - Cell and gene therapy (approved, newly approved, news)

Editorial Themes

- Social Posts, blogs, white papers, webinars, emails
  - 12 Cell & Gene Therapy topics
  - 12 Transplant topic
- Imperatives
  - Follows therapy release pipeline
  - Topic themes can be found in the editorial calendar

2022 Blog Content Calendar

Quarter	*Type of Blog*	*Topic*	*Draft Title*	*Audience*	*Author*	*Post Date*	*Supporting Content*

Content Types: Email

©2021 Emerging Therapy Solutions, Inc.

Email Strategy – News

- Create workflows in Hubspot for customers
- Review metrics to determine which articles perform best and why
  - Clicks, CTR, and read rates
  - Use the themes/sources of high-performing articles to build out our weekly news emails
- Eligibility to be added to this List: Contacts who have a contract with ETS

©2021 Emerging Therapy Solutions, Inc.

Workflows: #1

Segment: Those eligible but not signed up

- Goal: Sign up for weekly/monthly news
  - Email: explain the weekly/monthly news and let them know their company/org is eligible
    - CTA – Landing page
      - If they click on landing page
        - They can register people in their company that would want to join the mailing
        - Or they can forward the email to those people
      - if they do not click on landing page
        - Send follow-up email with similar content two weeks later?

©2021 Emerging Therapy Solutions, Inc.

Workflows: #2

Segment: Eligible for KCP but not signed up for weekly news

- Goal: Sign up for weekly/monthly news
  - Send email to opt into news
  - If they opt in ---> add them to weekly/monthly news list

©2021 Emerging Therapy Solutions, Inc.

Workflows: #3

Segment: Currently an active KCP user

- Goal: Sign up for weekly /monthly news
  - Send email to opt into news
    - If they opt in ---> add them to weekly/monthly news list

©2021 Emerging Therapy Solutions, Inc.

Workflows: #4

Segment: Non active KCP (customer portal) user

- Goals: Sign up for weekly/monthly news
  - Send email to opt into news
    - If they opt in ---> add them to weekly/monthly news list

©2021 Emerging Therapy Solutions, Inc.

Content Types: Monthly Newsletter

One per month

©2021 Emerging Therapy Solutions, Inc.

Email Strategy – Newsletters

- List: Those who will send referrals
- Make each newsletter relevant to different target segment
- Review the metrics to determine which content/subject line/day & time generates the highest read rate, CTR

Workflows

Segment: Contacts who send us referrals (LT Admin Users)

- Goal: get people to join our newsletter
- Send email to opt into E-newsletter
  - If they opt in They get automatically added to the newsletter list
  - If they don’t opt in they stay on this list and continue to get opt in emails

©2021 Emerging Therapy Solutions, Inc.

Savings Case Examples

- Need to define criteria for good savings cases
- Need to have a savings case repository

©2021 Emerging Therapy Solutions, Inc.

Content Types: Provider Emails

Twice per year

©2021 Emerging Therapy Solutions, Inc.

Provider Emails

- Sent in Q1 and Q4
- Includes a one-pager
- **Topics:**
  - How the market is moving
  - How ETS is involved
  - 2022 stats

Talking Points for email copy

- Our growth around cell and gene therapy
- Describe the relationships with the networks
- 6 million lives touched by ETS
- Organizations are paying extremely high costs and the market is moving in a direction to figure out how to deal with these extremely costly therapies
- Our "exclusive" contracts
- The number of lives we've touched
- Can't name anyone, but must be specific enough that the hospital believes it is more than rhetoric
- Link to any relevant press release
- Relevant Data

©2021 Emerging Therapy Solutions, Inc.

Provider Emails

Segment: Facilities that we have contracts with

Goal: Get them to opt into our provider emails

- Email: telling them what our provider emails contain
  - If they opt in receive two emails per year
  - If they don't they stay on the list and continue to get emails asking them to subscribe

©2021 Emerging Therapy Solutions, Inc.

Content Types: Quarterly Pipeline Update Emails

12 per year

©2021 Emerging Therapy Solutions, Inc.

Workflows

3 emails per quarter (per meeting)

Segment: ACTIVE Portal Users - Opt in email

- Ask them to opt in to receive:
  - Invite to quarterly update meetings
- If they opt in ---> automatically add them to lists
- If they don't opt in ---> Continue to send emails to have them update their email subscription preferences

Segment: Referrals (LT portal?)

- Goals: Sign up for invitations to quarterly update meetings
  - Eligibility: Based on title or opt into E-Newsletter
  - Email 1 month before each Executive Update Meeting
