## 1. Account Manager Intro Email – Old AM introduces new AM

**Subject:** [Product name]: New point of contact

Hi [first name],

I am writing to let you know that beginning next week I am no longer working with Cortechs.ai. It was a pleasure working with you and I hope to have helped you get the most value out of our clinical imaging solutions.

Before I go, I would like to introduce you to [new account manager], your new account manager. I can assure you are in good hands and am confident they will be a great resource for you.

If you have any questions you can reach them by phone at [new account manager's phone] or by email at [new account manager's email]

Cheers to the start of a great working relationship!

Sincerely,
[old account manager]

## 2. Account Manager Intro Email – Self intro as new AM to current customer

**Subject:** A quick Intro: Your new account manager

Hi [first name],

My name is [account manager] and I am your new account manager. I'll be your point of contact for all matters related to your account. I'm pleased to be working with you and can't wait to help you get the most out of our clinical imaging solutions.

I've reviewed my team's notes on [account name] and how you are using [product name]. It might be a great time to discuss our latest release and ensure you have the most up to date marketing materials at your disposal.

I'd love to have an introductory call with you to get to know each other. Feel free to book a call [calendly link] at any time that's convenient for you. You can also email me or give me a ring at [account manager's phone number] if you prefer.

Thank you and have a great day!

[account manager]

## 3. Account Manager Intro Email – Self intro as AM to new lead

**Subject:** Welcome! Your Cortechs.ai account manager

Hi [first name],

Thanks for choosing to explore Cortechs.ai for your clinical imaging analysis! My name is [account manager] and I'll be your account manager for all future inquiries. I'm looking forward to working with you and helping you get the most of our automated, PACS integrated analysis solutions.

I've attached our product portfolio to help you explore our software solutions and how they can contribute meaningful improvements in your workflow and patient's lives.

As a first step, perhaps an introductory call to discuss how I can help [account name] is appropriate? Feel free to book something [calendly link] at a time that is convenient for you.

If you have any questions, you can always email me. I'm available at [account manager number], if you prefer.

Thank you and have a great day!
[account manager]

## 4. Account Manager meeting request – New lead meeting (NeuroQuant)

**Subject:** Automated volumetric MRI analysis for your reports

Hi, [first name],

Thank you for your interest in NeuroQuant volumetric MRI analysis. Here is a quick guide on how NeuroQuant can provide objective data to help confirm or rule out various neurodegenerative diseases: https://files.cortechslabs.com/index.php/s/sxwRZQVCOJdap7a

NeuroQuant has been trusted in clinical practice for 14 years and is currently in use in over 800 imaging sites, including Mayo Clinic, Mount Sinai, and more.

I would love to get both of our clinical teams together to discuss if NeuroQuant is the right fit for your institution and workflow.

If you prefer, we could have a quick 15-minute call to answer any immediate questions and take it from there. Take a look at my calendar and see what works for you.

[calendly link]

Looking forward to hearing more about your goals.

[account manager]

## 5. Account Manager meeting request – New lead meeting (OnQ Prostate)

**Subject:** Confident PI-RADS scoring at your fingertips

Hi, [first name],

Thank you for your interest in OnQ Prostate to support accurate detection of prostate cancer. Here is a quick handout on the main features and clinical utility of the software: https://files.cortechslabs.com/index.php/s/36AxmCSXdgBkLcJ

Currently implemented at The University of Texas at Austin and Weill Cornell Medical Center radiologists and urologists are noticing an important paradigm shift in prostate cancer detection with the use of OnQ Prostate.

I would love to get both of our clinical teams together to discuss if OnQ Prostate is the right fit for your institution and workflow.

If you prefer, we could have a quick 15-minute call to answer any immediate questions and take it from there. Take a look at my calendar and see what works for you.

[calendly link]

Looking forward to hearing more about your goals.

[account manager]

## 6. Package running low – a few scans left

**Subject:** Avoid workflow interruptions fast

Hi [first name],

I am dropping you a message to let you know that your [product name] scan package is close to reaching **0 available scans.** I've attached a few options to ensure we get you ramped up to your normal scan level without any interruptions.

We may also want to look into an unlimited solution. Has [account name] thought of this option?

You can reach me directly on my line at [account manager phone number] to discuss what best fits [account name]'s clinical goals.

Talk soon,
[account manager]

## 7. Low or no usage

**Subject:** Set up a [product name] training refresh?

Hi [first name],

I was reviewing a few things on your account and I noticed [account name] hasn't been running many scans lately. Oftentimes I have found that this is either due to the team being unaware they have access to [product name] or it is time to set up a training refresher to ensure they are comfortable using it.

I want to ensure you are getting the most value out of [product name]. Would you like to speak to your team and let me know how I can help?

As always, you can email me or reach me by phone at [account manager number].

Talk soon,
[account manager]

## 8. Expiration Date Approaching

**Subject:** Only [days before expiration] days left before [product name] expiration

Hi [first name],

I hope you have found value in [product name] over the last year – We have enjoyed having you as a user! Your contract will expire in [days before expiration] days, so I thought I now was a good time to check in.

If your radiologists would like to continue using [product name] and retain all data and preferences, you can easily renew by going to [webpage].

I think it would be a good idea to have a call sometime next week so I can show you some of our new solutions and answer any questions or feedback you have. If that sounds good to you feel free to book a time using this [calendly link] link.

I look forward to our continued relationship.
[account mananger]

## 9. Contract Expired

**Subject:** [Product name] renewal available

Hi [first name],

CorTechs.ai wants to thank you for trusting [product name]– we hope we were able to meet your expectations as industry leaders in quantitative image analysis. I am also writing to let you know that your contract expired on [expiration date] and you won't be able to send any further scans for analysis.

But it's not too late! I am interested in hearing how your initial agreement worked for [account name] and what we can to improve this next time around. Can we catch up next week? Feel free to book a time on my calendar here [calendly link].

Please don't hesitate to reach out via email or phone in the meantime – [account manager number].

I hope you enjoy your week!
[account manager]

## 10. Trial Ending – two weeks until expiration

**Subject:** [product name] trial period ending

I hope your team has been able to see how valuable [product name] is in daily use! Your trial period will expire in a week, so I thought I would check in about next steps.

If you'd like to continue using [product name], I'd be happy to set you up with a model that meets [account name]'s needs. Per-scan pricing can support early adoption, but most health

systems realize the greatest value with our unlimited, per-scanner model—delivering predictable costs and seamless scaling across sites. I'm confident I can find an arrangement that is best suited for your bandwidth.

Feel free to reply to this email or set up a call at your convenience here [calendly link].

Hope to hear from you soon,
[account manager]

## 11. Upgrade to unlimited package – Hospital

**Subject:** Tired of [product name] scans running out?

Hi [first name],

If I have done my job correctly your team has been able to see the tremendous value [product name] has brought to [account name]'s radiology department.

Have you thought of upgrading to an unlimited analysis solution?

Organizations such as Mayo Clinic, University of California San Diego, Johns Hopkins University, University of Miami use our unlimited solution to run [product name] analysis on more patients to help them provide the most informed and accurate diagnoses possible.

An unlimited solution enables

- Unlimited data storage and retention periods
- Use on multiple scanners
- Seamless scaling across sites
- No additional implementation fees per new scanner

If you think this might make sense from a business standpoint and how [account name] plans on using [product name] going forward, let's set up time to go over it in more detail.

You can pick a time from my calendar that works for you: [calend.ly link].

As always, don't hesitate to reach out with any questions or concerns. I look forward to helping [account name] optimize our clinical tools!

Take care,
[account manager]

## 12. Upgrade to unlimited package – Imaging Center

**Subject:** Tired of [product name] scans running out?

Hi [first name],

If I have done my job correctly your team has been able to see the tremendous value [product name] has brought to [account name]'s radiology department.

Have you thought of upgrading to an unlimited analysis solution?

Clients such as RadNet, SimonMed, Imaging Health Specialists, CDI, and Touchstone Imaging use our unlimited solution to run [product name] analysis on more patients and increase referrals - helping them provide informed and accurate diagnoses.

If you think this might make sense from a business standpoint and how [account name] plans to use [product name] going forward, let's set up time to go over it in more detail.

You can pick a time from my calendar that works for you: [calend.ly link].

As always, don't hesitate to reach out with any questions or concerns. I look forward to helping [account name] optimize our clinical tools!

Take care,
[account manager]
